OUTDOOR CABINETS

DESIGNED FOR THE ELEMENTS

ALL-WELDED, ONE-PIECE DESIGN, TOUGH, RUGGED, DURABLE MANUFACTURING EQUIPMENT

Strong Hold's outdoor cabinets have a durable and element resistant powder coat finish, they are constructed with a sloped-top roof and a rain-guard to shed water off of the unit and all outdoor cabinets come with gasket-sealed door frames to keep dust, debris and the elements out.

All of the industrial ruggedness of our standard cabinet with the weather resistant qualities needed for long term outdoor usage.

StrongHold®

OUTDOOR STORAGE CABINET
WITH MULTIPLE COMPARTMENTS

This outdoor cabinet is manufactured from 12 GA steel and features a one-piece, all-welded body design, making it rugged enough for outdoor manufacturing environments. The features of this outdoor cabinet include multiple compartments for storing large and small items. There are 6 half width drawers that have a capacity of 400 lbs each. The 3-point locking device includes a hasp built into the handle for use with a padlock. In addition to being powder coated, the slope top keeps water from sitting on the top and there is a gasket sealed door frame with rain guard.
