

## 3320 Tactical Flashlight PM6™

The 3320 is a compact flashlight made of Xenoy polymer that's light weight, corrosion proof, and extremely strong. The body is molded with a no-slip grip pattern and it comes with a sturdy black oxide coated steel clip. The switch is conveniently located in the tail for constant on or momentary action. Our exclusive Xenon lamp, used in many of our flashlights, is super bright and durable. It is powered by 2 CR123 lithium cells (included) that have a long shelf life. The M6™ 3320 - light in weight, big in performance.

- Built Pelican tough
- Unconditional Lifetime Guarantee of Excellence
- Durable and light weight polymer body
- Sturdy, detachable, magnesium coated clip
- Tail switch for easy one-handed operation
- Super bright Xenon beam
