SINGLE-TIER SLIM LINE LOCKER

This is your solution to not having to replace light gauge lockers frequently. Ideal for industrial plants, institutions, laboratories or health clubs, the 12 GA construction and welded design makes these lockers possibly the last lockers you will ever need. Each opening measures 10" W x 18" D x 66-3/4" H. One coat hook, one shelf with a capacity of 500 lbs., and one apparel rod per opening are included. Models greater than six foot wide are provided with skid legs.

DOUBLE-TIER SLIM LINE LOCKER

Traditional double-tier slim line lockers offer double the storage compartments of single-tier systems. Each compartment has its own individual door with a built in three-point locking system. This design is used in schools, health spas, and gyms where durable locker solutions are needed.

Each opening measures 10" wide by 32" high and comes with two hooks. The all-welded 12 GA construction will provide years of continuous use. Models greater than six foot wide are provided with skid legs.
